ACADEMIC PREPARATION REFLECTION

Please elaborate on the following reflection questions as much as possible to the extent you are comfortable sharing this information with your advisor. The more you are open and honest with yourself and with your advisor, the better your advisor will be able to help you in navigating your challenges.

List some words that describe how you are feeling as you prepare to return to classes.

How have you used your time away this semester to help you prepare to return classes?

What went RIGHT for you the last semester you attended? How and why do you believe so?

What went WRONG for you the last semester you attended? What do you wish you would have done differently and what strategies will you implore moving forward to make changes?
